DARKSPACE - Dark Space -I (Deluxe LP)

Black 12" vinyl (33rpm) in deluxe gatefold sleeve with embossing and new art inside

Recorded in 2002 and considered their first official release, this 2-track demo is the prologue to DARKSPACE's first album. It offers a similar musical experience to "Dark Space I", with dark and oppressive atmospheres thanks to a raw sound and more primitive production.

Cult ambient black metal pioneer DARKSPACE (ft. Members of Paysage d'Hiver + Sun of the Blind) is now reissuing its complete discography, which includes four full-lengths and an EP, via Season of Mist! Dubbed "The Most Mysterious Anonymous Blackest Black Metal Band," the enigmatic Swiss trio is known for their hypnotic and otherworldly sound, which has greatly influenced modern atmospheric and cosmic black metal as we know it today. The band will be releasing a brand new album via Season of Mist at a later date!

For fans of PAYSAGE D'HIVER, SUN OF THE BLIND, ARKHTINN, OMEGA INFINITY.
