DIABOLI - Awakening of Nordic Storm (Digipack CD)

Northern Heritage 2021
Nowy studyjny album.

Legendary Finnish Black Metal band DIABOLI makes unexpected return with new full length album. Highly praised Wiking Division set slightly different tone for Diaboli, compared to their early cold anti-christian Black Metal. Awakening of Nordic Storm is blunt fist in the face, guaranteed gruesome assault from DIABOLI. Sonically close to era starting from Kirous album. Displaying core elements of barbaric riffs, ugly simplistic production and boldly explicit lyrics that makes even big parts of metal scene beware and keep distance towards the True Black Metal. Digipak CD edition with lyrics printed on cover.
