GJENDOD (GJENDØD) - Nedstigning (CD)

Info : 'Nedstigning' from 2017, is the beginning of a descending journey towards a slippery musical abyss. The debut of this Trondheim based duo creates black metal played in the traditional Norwegian way without being copycats in any way. A solid foot in the ground, captured by the mud of forest.

«The "Nedstigning" album is all about going down. That there's still some hope which we are leaving, while we now will walk downwards to different layers. It's not a concept-album, but a beginning of an ending lifecycle.»

Re-issue, 500x in a jewelbox (clear tray), inlay full-color on 135g art paper, 12 page booklet full-color on 135g art paper, all assembled and cellophaned.
