## Opis produktu

### **ABIGOR - Verwüstung / Invoke the Dark Age (Digipack CD)**

Re-issue of ABIGOR's classic debut album, Verwüstung / Invoke the Dark Age, coming as a digipak CD with 8 pages booklet.

In regard to the re-issues, the Band states:

In the early 90s, a special kind of energy was at work. Back at Hörnix, we may have captured a whiff of that incredibly dense atmosphere, and are honoured to present a small piece of Black Metal history - our testimony to the madness raging 3 decades ago.

We have prepared these items for years, meticulously collected and assembled the artwork from original photos, books, snippets, drawings, negatives, postcards and rub-letters. Everything was rebuilt from scratch and comes from the same original bits and pieces as used back in the 90s. Nothing was cheaply scanned from old releases, like often the case with such old works. Some flaws were corrected, with the aim to retain and surpass the first pressings.

We bow our head and humbly share our memories of those glorious reckless days, when our youthful spirit was feeding the flame to burn the world to ashes.
