### Opis produktu

#### OMEGA INFINITY - The Anticurrent (12"LP)

Black 12" vinyl in gatefold.  
First pressing 250 copies worldwide.

OMEGA INFINITY: two words that embody the unimaginable blackness beyond the known universe, the endless cycle of birth and death, of creation and destruction.

Members Tentakel P. (TODTGELICHTER) and Xen (NE OBLIVISCARIS) have created something very different and drastically darker than their respective main bands.  
Music firmly rooted and inspired by first wave black metal with furious blastbeats and cacophonous, spherical guitar lines, the main concept and lyrics transcend the limitations of this style.  
OMEGA INFINITY stands for something that is far greater, ancient or powerful than any god or demon humanity has invented; the darkness between galaxies - the equivalent of cosmic darkness - the Nothing beyond existence - The Deep Dark Void.

For fans of DARKSPACE, KHONSU, BLUT AUS NORD.  
Artwork by Adrien Bousson.
