Opis produktu

HEILUNG - Ofnir (Deluxe white marbled 2LP)

White and black marbled 12" double vinyl (33 rpm) in printed inner sleeves in deluxe gatefold printed on the rough side of the board.

Strictly limited to 500 copies worldwide!

HEILUNG means "healing" in the German language and this also describes the core of the band's sound. The listener is supposed to be left at ease and in a relaxed state after a magical musical journey that is at times turbulent. When HEILUNG self-released 'Ofnir' in 2015, the Danish band could hardly have anticipated the breakthrough success of their debut album. Spectacular live shows, strong critical acclaim, and a massive underground buzz added to the constantly high demand for this full-length are the reason why their new label Season of Mist decided to make this genuine marvel available again for the whole world to hear just how unique HEILUNG is.

For fans of Wardunna, Garmarna, Myrkur.
Cover by Kai Uwe Faust & Layout by Christopher Juul.
