STELLAR BLIGHT - "EVENTIDE: Synod of the Dying Stars" CD

Klasyczne pudełko jewelcase z grubą książeczką.

Formed in 2024 by the guitarist/bassist Sz. I. (Shodan) & the vocalist S. (Mänbryne, Blaze of Perdition), then joined by the drummer KwB (Owls Woods Graves) shortly after, Stellar Blight offers a striking and catchy take on highly energetic metal of death in the vein of late Dissection, Wayfarer or Tribulation, while also not shying away from traditional heavy metal roots.

"Eventide: Synod of the Dying Stars" is the band's debut full-length album consisting of 10 tracks spanning over 40+ minutes of death driven heavy metal. Recorded at Sound of Records & Studio Roslyn and currently being mixed and mastered by Satanic Audio.
