VLTIMAS - Epic (12\"/>

Black 12\"/>

VLTIMAS have been legends since the dawn of metal. Flo Mounier has been drumming for Cryptopsy since their earliest exhumations of the Canadian underground. Rune Eriksen took hold of axe-wielding duties for the second coming of Mayhem. And who could forget David Vincent, the larger-than-life vocalist for Morbid Angel. But these devils weren't content with living amongst the gods. Instead, they've joined forces as the legendary heroes of the underworld. Their first album as VLTIMAS was greeted with a rapturous procession of devil horns. 2019's 'Something Wicked Marches In' was voted "album of the year" by Zero Tolerance Magazine and BangerTV. "Likely to knock listeners asses to the ground with outlandish brute force", praised Blabbermouth.

With new album 'Epic', VLTIMAS ascend to even greater Satanic heights. "Miserere" howls across a blackened sky, blistered by tremolo picking that's more piercing than a siren's call. True to its name, "Scorcher" is primed for face-melting, with blasts that blaze than a forest fire. "Undefeated, we are sure to remain", Vincent bellows with ghoulish bravado over the constantly building "Invictus".

You already know their names, but with 'Epic', VLTIMAS are mightier than ever.
