FORNDOM - Flykt (CD)

Wydanie Nordvis, klasyczne pudełko jewelcase

Imagine yourself by a campfire underneath the open sky, far away from the rattling of society. Nearby you notice a raven spreading its wings; croaking as it solemnly stares out across the surrounding landscape. As you turn you can hear a fox crying out in the distance, followed by what can be perceived as a drum beat derived from the earth itself. This is FLYKT, an escape from the world such as humanity has let it become - neglected and abused.

With an enchanting splendor FLYKT takes us on a very down to earth yet intense musical journey, a ritual tribute to our Northern legacy and a time when people lived in harmony with nature and worshipped the Nordic gods. There is more to FLYKT than merely ambient tones that resonate with atmospheric soundscapes - it also serves as a reminder to us all to embrace our heritage; to bring back what has been lost and to cherish it until the very end.
