Opis produktu

HEILUNG - Lifa - Heilung Live at Castlefest (Deluxe coloured 2LP)

Turquoise 12" double vinyl (33 rpm) in printed inner sleeves in deluxe gatefold printed on the rough side of the board. Limited to 500 copies worldwide!

Each live appearance of HEILUNG is a spectacular affair, where the lines blur between musical performance, ancient pagan rituals, past, and present.

The Danish band found a fitting name for their opulent stage set and huge production: amplified history. Their viewers use other words such as "amazing, mind-blowing, goose bumps, unforgettable".

As a tribute to the overwhelming demand of their fast-growing host of supporters, HEILUNG released a complete live show under the banner of 'LIFA', which was recorded at Castlefest 2017, since this recording sold out as quickly as the band's self-released debut full-length, 'Ofnir'.

Season of Mist is proud to make it available again on a worldwide scale.

For fans of WARDRUNA, NEST, Ivar Bjørnson & Einar Selvik's SKUGGSJA & HUGSJA.
